Douglas Duane

An introverted, kind-hearted book collector befriends a mad scientist, who isn't exactly a good friend. When the scientist falls in love with the book collector's fiancée, he concocts an evil plot to have her for his own. What transpires goes in a direction that even Douglas Duane didn't see coming. Edgar Fawcett was a prolific author of standard fiction. With Douglas Duane he stepped out of his genre and created a memorable work of mad scientist horror. (Summary by A. Gramour)
